

### ***Aquate Managing Director Peter Carroll elected as Fellow of IPENZ***

Aquate Managing Director Peter Carroll was recently elected as a Fellow of The Institution of Professional Engineers New Zealand (IPENZ) in recognition for his contribution to the advancement of engineering practice.

In awarding the title, IPENZ (<http://www.ipenz.org.nz/>) highlighted Carroll's contribution to the field of environmental management in New Zealand.

Carroll has been at the forefront in the development of innovative stormwater and wastewater treatment technologies for New Zealand and the Pacific Islands since 2001 when he was appointed General Manager of Hynds Environmental (<http://www.hyndsenv.co.nz/>), a division of Hynds Limited (<http://www.hyndsgroup.co.nz/>), one of New Zealand's largest engineering groups.

Carroll has also been involved in efforts to raise professional standards in the water industry through the development of industry standards for domestic wastewater treatment, stormwater treatment, government management guidelines and certified training programmes.

In 2012 Carroll launched Aquate Limited, an Auckland-based company specialising in water reticulation and offering a broad range of solutions to the New Zealand market.

For further details on Aquate Limited please visit <http://www.aquate.co.nz>
